

## Advertising a notice of an application for a mining lease

### General information

For the purposes of Section 51A(2)(c) of the *Mining Act 1992* and Clause 26(2) of the *Mining Regulation 2016*, this document details the form of and information to be included in a notice of the application for a Mining Lease.

In accordance with the requirements of Section 51A of the *Mining Act 1992* and Clause 26 of the *Mining Regulation 2016*, mining lease applicants must publish a notice of the application in a newspaper circulating generally in the State of NSW and in at least one newspaper circulating in the area of the proposed exploration area. This must occur within 45 days from the receipt of confirmation of the application.

For a list of metropolitan and regional newspapers in NSW, visit [www.newspapers.com.au](http://www.newspapers.com.au).

The aim of the advertisement is to notify the community that an application has been applied for in the area.

### Diagram requirements

- Must be at least 6cm in width and at least of 6cm in length.
- The minimum resolution must be at least 300 dpi at final size.
- Must be based on an accepted standard map (e.g. county map, topographic-cadastral map).
- Must identify any main roads, rivers, railways, villages/towns and localities).
- Must define the external boundaries of the application area, with a bolder line than other lines shown on the map.
- Must have a north point and bar scale.
- Must contain lettering that is legible at the publication size#.

[#Note: To ensure your published advertisement is legible and the diagrams appear correctly, you may wish to contact the newspapers to confirm their advertising specifications (e.g. minimum font size, file type accepted, image resolution required).]

- Must show the distance and direction to the town mentioned in the text.

MinView is an online departmental tool which may help you prepare your diagram. [A copy of MinView maps must not be used for advertising.](#) For further details refer to: [www.resourcesandenergy.nsw.gov.au/miners-and-explorers/geoscience-information/services/online-services/minview](http://www.resourcesandenergy.nsw.gov.au/miners-and-explorers/geoscience-information/services/online-services/minview).

Note: It is recommended that the advertisements are proofread by the applicant/owner prior to being published, as errors in the text and diagram will require the advertisements to be re-advertised at the cost of the applicant.

In remote areas, you may want to choose a larger 'footprint' to include a familiar road or locality. Similarly, if the area is close to a familiar road or locality the capture area may be smaller and cadastre may be appropriate.

The following points must be adhered to when preparing your diagram:

### Submission of advertisements to the Department

The two advertisements shall be submitted in one email to the Department via [titles.services@planning.nsw.gov.au](mailto:titles.services@planning.nsw.gov.au) .

Should you not be able to comply with the requirements detailed in this document you must seek prior approval to vary the requirements. Requests to vary the requirements are to be emailed to [titles.services@planning.nsw.gov.au](mailto:titles.services@planning.nsw.gov.au) and include a copy of the proposed advertisement with an explanation of why the requirements could not be complied with.

Advertisements found not to comply with the requirements in this document (or any approved variations) will not be accepted by the Department and will require the advertisements to be re-advertised at the cost of the applicant.
